RECAMFT Presentation Proposal

RECAMFT Diversity Statement for Presenters

“The purpose of RECAMFT is to promote and maintain professional competence and integrity with knowledge, innovation, compassion, humor and respect for human dignity and diversity. We do this by providing opportunities for networking, education and community outreach.”

-- RECAMFT Mission Statement

RECAMFT welcomes the participation of therapists of any ethnicity, race, age, sexual orientation, gender identity, socioeconomic background, physical ability, national origin and religious affiliation. We also seek to promote awareness and sensitivity among our membership of the diverse nature of our potential clients here in Sonoma County.

We ask you, as a presenter at an upcoming RECAMFT meeting, to please consider how your presentation can further our intentions in this respect. Specifically, RECAMFT requests that you use language that is inclusive of all people, and that in your examples or case studies you do your best to discuss diverse clients. Please also take the time to address how your topic might relate to minority populations in addition to majority populations.

Thank you in advance for your participation in manifesting our collective desire to be as welcoming as possible to all of our members and our clients and prospective clients.

Speaker Opportunity

The Redwood Empire Chapter of CAMFT offers a 1.5 hour (2 hr?) educational presentation at its Monthly General Membership Meeting, held the first Friday of the month, 11AM-1PM, September through June at Oddfellows Hall, 545 Pacific Avenue, Santa Rosa, 95404. Proposals are accepted from March 1st through April 30th annually.

- Our speakers must be licensed in their field. If not licensed, clearly state what education/training you have making you an appropriate speaker for masters and PhD level clinicians.
- Please include a link to any video of you speaking to a group if possible.
- Please include a speaker evaluation summary of any previous presentations if possible.
- Our speakers should provide a visual representation of the course material to support multiple types of learning (Power Point, Prezi, videos, charts, graphs, diagrams, photographic images, etc.).
